

South Cave Show 2022

Thank You to all those who supported the Show this year either by entering into one of the categories or just visiting. It was good to see so many people coming up to have look at all the exhibits and I am sure they would agree that there were some very good entries in most classes. We did have a few empty ones though. Cauliflowers were missing, red cabbages too, and we only had one green cabbage. The weather had not been beneficial to many of the flowers which we expect to be at their best by the end of August but those which were there looked splendid. The jams and cakes were spectacular, as were the craft items and the photographs. A Very Big Thank You to all those who competed in the different classes.

The Show has gained two trophies over the last two years. Last year David Young, one of the members of the British Legion who had run the Show until 2007 presented The David Young Trophy which is given for Best Exhibit of Vegetables. The Davies Cup has been given to the Show by the Davies Family who used to live in the village. Their parents were Mr K Davies and his wife Rosamund. We already have a trophy which Mr Davies gave for the best Fuchsia as he was a champion fuchsia grower. The Davies Cup, will be awarded by a committee member to the entry which catches their eye as something unusual, outstanding, or just their favourite piece in the show. This year it went to a basket of fruit decorated to look like a royal crown.

It was time to say a reluctant Auf Wiedersehen to Mrs Gill Marshall who , as Chair, has led us through 15 years of growing success. Her enthusiasm and her organisational skills has ensured that the show is prospering today. We have no doubt that she will be entering her runner beans, tomatoes and sweet peas in next years show hoping to pick up a prize or two.

Whilst we cannot divulge next years categories (we haven't decided on them yet) but we can give you a bit of a heads up with the Photography Classes.

1.Gates 2.Glass 3.Grasses 4.Gold 5. Groups You have all year to look for them.
