Dear customer,

### **A63 North Cave to South Cave resurfacing work**

We're getting in touch to let you know we'll soon be carrying out essential maintenance work on the A63 between North Cave and South Cave, in both directions.

#### **What are we doing and when?**

We're resurfacing the carriageway in both directions (but not at the same time), completing this work will mean smoother and safer journeys for customers.

We plan to start work on Monday 14 November and aim to complete in December. We'll be working overnight between 8pm and 6am, Monday to Friday. We cannot complete this work in harsh weather; if there are any changes, we will keep you updated on our website and social media channels.

#### **Closures and diversions**

To carry out this work safely we will first close the westbound carriageway overnight (8pm until 6am) Monday to Friday for approximately 3 weeks. Due to essential maintenance work taking place on Ouse Bridge, we plan to return to complete the eastbound carriageway in the new year.

A fully signed diversion, which has been agreed in advance with the police and the local authority, will be in place.

- Westbound - motorway traffic will be diverted at Western interchange (between North Ferriby and Humber Bridge) onto the A164 & A1079, through to the A614 onto junction 37 of the M62.

During the day, the carriageway will be open to traffic in both directions.

## More information

We will be in touch again later to confirm the details of the eastbound work as soon as we can.

We are mindful that the diversion for motorway traffic will extend journey times; we kindly ask haulage and logistics customers to follow this route whenever possible to avoid restrictions on local roads and noise issues in residential areas.

We apologise in advance to customers on the diversion route who may experience increased traffic overnight; we thank you in advance for your patience while this essential work is completed.

## How to contact us

You can find out further details about the closure on National Highways website <https://nationalhighways.co.uk/our-work/yorkshire-and-north-east/> or by following @HighwaysYorks on Twitter.

You can also find us on Facebook – National Highways Yorkshire

If you would like to discuss this scheme, or need further information, please contact National Highways **0300 123 5000** or email [info@nationalhighways.co.uk](mailto:info@nationalhighways.co.uk).

Yours faithfully

**stuart allanson**
