

# How access the interactive map

Please follow the step-by-step instruction below and the illustrated flowchart on the right.

- Starting on the home screen of the East Riding of Yorkshire Councils website. (<https://www.eastriding.gov.uk/>)
- Select 'Planning permission and building control' on the menu.
- Then, select on 'Planning policy and the East Riding Local Plan'
- Next, select 'Strategic flood risk assessment'. This will take you on to the correct web page.
- Scroll down to the section titled 'What is a Strategic Flood Risk Assessment (SFRA)'
- Click on the link in the text. This is highlighted blue and says 'East Riding Flood Data Map'. The page will be redirected to the interactive map.

There are many useful and interesting layers on the interactive map.

## Flood and Coastal Risk Management
