SCHOOL CROSSING PATROL VACANCY

*Help Keep South Cave's
Children Safe* ♥

East Riding of Yorkshire Council is currently recruiting for a **School Crossing Patrol** to work at the **Market Place** crossing in **South Cave**.

School Crossing Patrols play an important role in helping children and families cross the road safely on their journey to and from school. It is a **valued role** within our community, providing reassurance to parents while helping to keep our busiest crossing safe during school times.

These positions can often be difficult to fill, so if you enjoy meeting people, being part of the community and **making a real difference**, this could be the perfect opportunity.

If you, or someone you know, may be interested in becoming South Cave's next School Crossing Patrol, please contact **East Riding of Yorkshire Council** for more information about the role and how to apply.

Thank you to all our School Crossing Patrols
for the vital role you play in keeping our community safe. ♥

VILLAGE *Ongoing Matters*

WORKING FOR OUR COMMUNITY

CEMETERY CHAPEL RESTORATION

We are applying for grants for the restoration of the cemetery chapel, hopefully initially bringing the chapel to a watertight standard together with works to the cemetery lych gate and boundary wall.

Once works and funding are finalised, the future use of the chapel will be considered.

TOWN HALL DATE STONE

The town hall date stone has suffered age related deterioration and this will also be included within the application.

The application will be submitted under the umbrella name **"South Cave Heritage Work"**.

PLAYPARK IMPROVEMENTS

A grant has been submitted for improvements to the playpark surface and gates.

Updates will be provided in due course.

FESTIVE LIGHTING ON CHURCH HILL

One resident and South Cave 10k have donated funding amounting to **£700** for the installation of festive lighting to Church Hill, South Cave.

The Parish Council have also funded the remaining amount, and are pleased to announce the **Christmas lights will once again be installed for 2026** on Church Hill Column Lights!

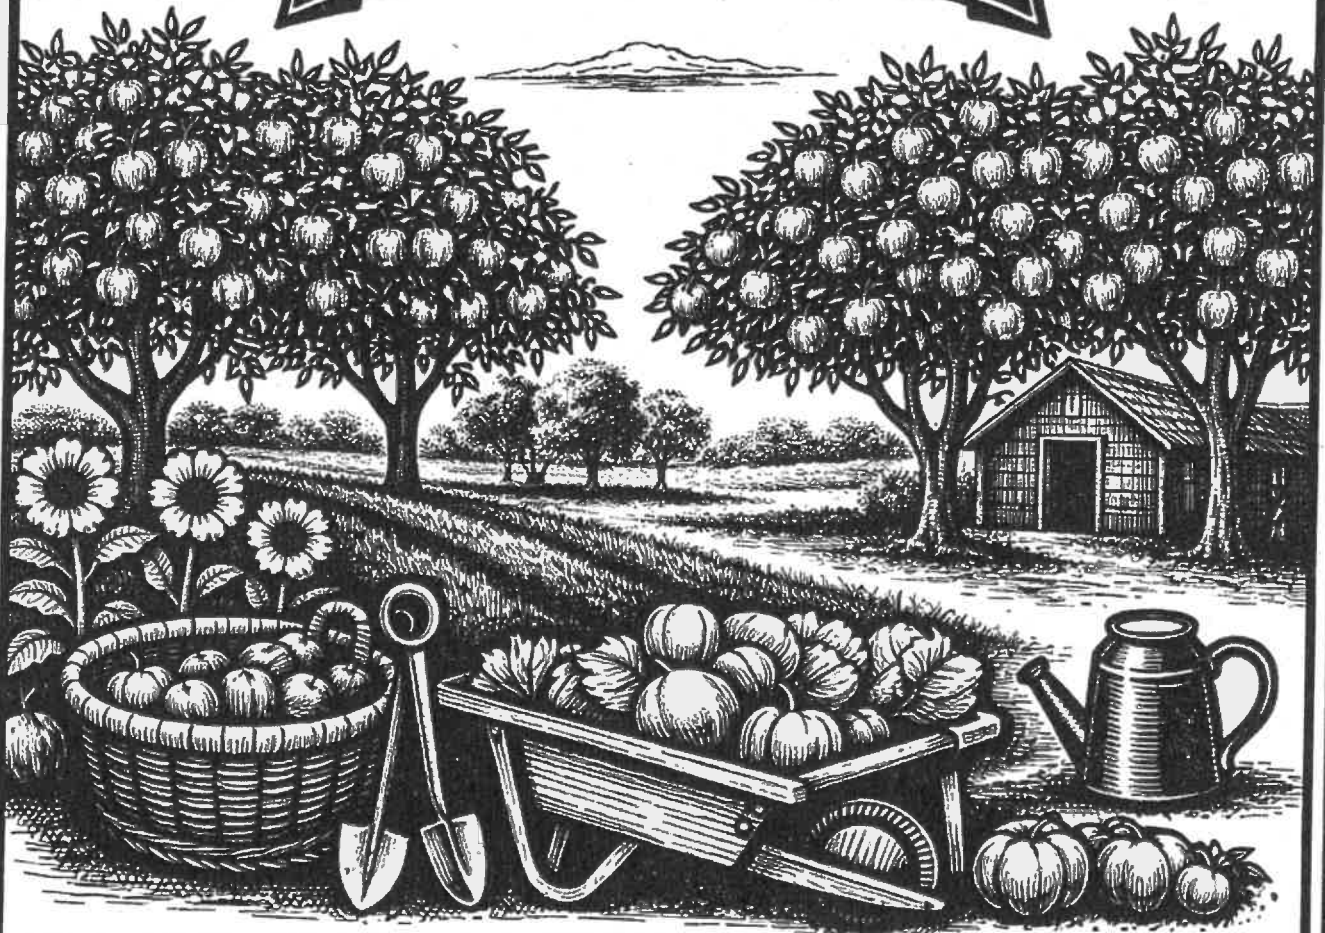

We will continue to keep you updated as these projects progress.
Thank you for your continued support.

FLOOD ALLEVIATION SCHEME UPDATE

East Riding of Yorkshire Council has provided an update on the proposed flood alleviation scheme.

There are currently **no public engagement events** or **drop-in sessions scheduled**. Subject to the project's progress, any future public engagement is expected to take place during mid-2027, in line with the anticipated submission of a planning application.

Work on the project continues to progress behind the scenes. Detailed ground investigations have now been completed, with groundwater monitoring and reporting continuing. The baseline hydraulic model has also been updated, while a range of additional site investigations have been undertaken. Ecological surveys and environmental monitoring remain ongoing.

ERYC have contacted all affected landowners to discuss the proposals, and landowner considerations will continue to be taken into account as the detailed design develops. Preparation of the pre-planning application is also continuing.

South Cave Parish Council will continue to share updates with residents as further information becomes available and any future public engagement events are confirmed.
